Dreddy's Gin

www.enlighting-gin.it

Free, creative, bon viveur. It's Dreddy, the last gin of artisan, made in Italy spirit collection by Enlighting. The wordly, artistic and easygoing moods of Berlin are the inspiration for this aromatic and charming gin, which blends both classical juniper and angelica notes with bespoke botanic aromas. Such as tea, with its slightly bitter and fermented scents mixed with the floral, captivating sweetness of chamomile and the deep intensity of bay tree. Dreddy is a Distilled Dry Gin, well balanced between dryness and moderate fragrance, making it perfect as a straight drink or in mixology. Taste it in a "whipping" gin&tonic, for a memorable Negroni and even for an unusual, free-spirit Martini cocktail.

Distillation method: Distilled dry with vacuum batch distillation

Origin: Italy

Proof: 42,5% VOL

Alcohol: Italian, from grain
