Gaudy's Gin

www.enlighting-gin.it

Warm and aromatic, Gaudy's Gin represents a sassy and refined elegance, just a little bit dandy. Urban fascination blends with a spice market from the East, Alpine conviviality, and a London city twist, creating a well-balanced and evocative taste. Created with the usual Enlighting tailor-made care, Gaudy's is a compound gin with an intriguing flavour profile, mixing classical juniper, coriander and mandarin notes with a blend of perfect winter scents, full-bodied on the palate. Rich cocoa, opulent vanilla and raisin, intense cinnamon and ginger, deliver a unique sensorial experience. This peculiar botanicals mix makes Gaudy's the ideal gin for a straight drink, or to play with classic cocktails: Gin Fizz, Tom Collins, and a wintery White Lady.

Distillation method: compound with vacuum batch distillation

Origin: Italy

Proof: 42,5% VOL

Alcohol: Italian, from grain

Botanicals: juniper, coriander, cocoa, cinnamon, vanilla, raisin, bitter orange, mandarin

Water: pure spring water
